

Nothing is
more
luxurious
than a
personalized
product.

le DUO

PCR Airless 2-in-1

www.srpacaging.com

- Opt for le DUO to present two essentials in a package for one individual.
- Help consumers clear the clutter in their daily care cabinet.
- Enable an instant tailored service for consumers to feel special.
- Increase the chance of repurchases.

Use two essentials in one package, the unique, simplified beauty routine.

With two PCR Airless cartridges in one, le DUO plays a perfect role for easier decision-making, realizing the minimalism lifestyle.

Amplify hoped-for results with the bespoke treatments.

Nothing is more luxurious than a customized product, and ultra-personalized beauty is making its way to the consumer's wish list.

Multi-cartridge PCR Airless

The two PCR Airless cartridges inside le DUO are SRP exclusive patent that uses 70% plastic less than the conventional syringe-type airless bottles. Each chemical-compatible cartridge works well for viscosity variations, whether a lightweight toner or a thick balm.
