

# le DUO, PCR Airless 2-in-1

*Nothing is more luxurious than a personalized product.*

Opting for le DUO to present two essentials in a package for one individual, brands enable an instant tailored service for consumers to feel special, help consumers clear the clutter in their daily care cabinet, and increase the chance of repurchases.

## Use two essentials in one package, the unique, simplified beauty routine.

With two PCR Airless cartridges in one, le DUO plays a perfect role for easier decision-making, realizing the minimalist lifestyle.

## Amplify hoped-for results with the bespoke treatments.

Nothing is more luxurious than a customized product, and ultra-personalized beauty is making its way to the consumer's wish list.

### Multi-cartridge PCR Airless

The two PCR Airless cartridges inside le DUO are SRP exclusive patent that uses 70% plastic less than the conventional syringe-type airless bottles. Each chemical-compatible cartridge works well for viscosity variations, whether a lightweight toner or a thick balm.

**shield**  
sunscreen

The reef-safe sunscreen contains mineral UV-blocking ingredients without harmful chemicals or nanoparticles.

**hydra**  
balm

The waterless, thick balm contains chemical-free, natural ingredients to lock the moisture in the skin.

**pre-makeup**  
moisturizer

The CBD-fused, botanical moisturizing cream pampers skin with natural plant extracts without preservatives.

**gotta go**  
primer

The sunproof primer protects skin from UVA and UVB rays with a fine, non-greasy texture.

**aftershave**  
toner

The post-shave is enriched with essential extracts that calm razor burn, nourish skin, and prevent ingrown hairs and acne.

**shaving**  
gel

The low-lather formula softens bristles for a smoother clean shave while hydrating and soothing skin with the earth-friendly concentrations.

**day**  
serum

The hydrating day serum nourishes skin with natural plant extracts and essential oils, delicate protection for everyday usage.

**night**  
cream

The organic night cream contains nutritious ingredients to help the skin to relax and regenerate during sleep.

# Just for YOU.

The one-of-a-kind, multi-cartridge PCR Airless design.
