AURA, the Boston Rounds shaped, a mono-material EBM airless bottle with an airless pump, is perfect for waterless ointment and balm of high viscosity. Its airless sprayer match works for gentle and light mist.

The airless pouch inside the bottle contains less than 2% EVOH to achieve the best barrier possible.

Adding the PP dispenser, AURA is an all-PP, recyclable airless bottle that conforms to US and European packaging design regulations, entirely recyclable without disassembling.
