

2024 marks 20 years of collaboration between SR Packaging and webpac®

The global packaging innovation platform giant, webpackaging®, operated by webpac®, and the pioneering skincare packaging provider - SR Packaging have been working together since 2004. The two CEOs caught up recently at LUXE PACK LOS ANGELES 2024 to celebrate the long-term partnership.

SR Packaging and webpac celebrate 20 years of active and successful collaboration.

During the meet-up, both companies looked at how webpac's advanced marketing tools ensure SR Packaging's innovative works continue being seen and used by skincare brands around the globe.

Duncan and Dawson met at Luxe Pack Los Angeles to discuss the evolution of the skincare packaging industry.

Tubes and PET bottles made in America.

The SR Packaging North America Inc. team made an important announcement at Luxe Pack Los Angeles 2024.

The company will have its PA plant start manufacturing by Q2 2024 to provide tubes and PET bottles made in America for the American market.

From left to right, Katie, Eric, Dawson and Melissa, welcomed visitors to SR Packaging's booth at Luxe Pack Los Angeles.
