ONE plastic for all parts.

The bulb, collar, pipette, and bottle, all parts are made of one plastic - - - PP, the chemical resistant and compatible plastic for most commodities.

The mono-material design makes it easy to recycle after usage.

1 dropper bottle

NECK SIZE 20/410

1 plastic

Customizable & Recyclable

Light and shatter-proof.

Unlike glass, the PP pipette and bottle are concern-free for breakage and are lightweight without compromising product compatibility.
