The bottle production in the PA plant is exclusively for brand-tailored designs turning concepts into reality.

Bottle customization methods

- ▶ Custom bottle tooling
- ▶ Gloss finish
- ▶ Silkscreen printing (up to 3 colors)
- ▶ Hot stamping
- ▶ Labeling

Total floor plan of 75,000 sq. ft.

The PA plant produces plastic tubes and PET bottles for skincare, beauty & cosmetics companies.

It targets low energy consumption and high output performance, focusing on sustainability and high efficiency.

- ✓ Manage with fully system-integrated automatic production stations.
- ✓ Adopt all-electric machinery with low power consumption, high output yield, and a cleaner, low-noise working environment.
