

Matteness

makes skincare
fresh and ethereal.

- + Matte PET preform
- + No extra process
- + Made in Taiwan

MATTENESS

It starts with matte finish additive.

Applying **matte masterbatch** to produce PET preforms that later being made into matte PET bottles for fresh and ethereal skincare packaging.

EFFORTLESS

It takes no more than the budget and production time required for regular tinted PET bottles.

SCRATCHLESS

Without spray or coating, the leveled-up, premium matteness eliminates concerns about scratches.

Three Rs

Reduce waste resulting from extra process.

Reuse plastic made from recycled post-consumer waste (PCR).

Recle-ready for end of product usage.

Matteness

makes skincare
fresh and ethereal.
