

# Celebrating 36 Years of Perfecting PET Bottle Manufacturing.

Brands that offer skincare and beauty solutions to the consumer world are always hungry for innovations and aesthetic designs. Since its first factory began producing PET, SR Packaging (SRP) has accumulated 36 years of dedicated manufacturing experience. The company's vast collection of stock molds is the tangible proof of expertise, industry insight, and decades of solving real-world packaging challenges.

**Global Capacity & Strategic Tariff Solutions** To confidently meet international demand, SRP operates three PET manufacturing sites (two in China, one in Taiwan). This footprint delivers:

- \* **Uninterrupted Production:** Guaranteed capacity to support global brands.
- \* **Tariff Mitigation:** Through SRP Taiwan, an agile, reliable supply chain to navigate US tariffs.

## **Proven and Reliable Versatility: 50 Preforms, 400 Shapes, Infinite Possibilities**

Skipping the lengthy wait times of custom molds, SRP provides a reliable starting point with 50 preform types to meet exact volume and neck-size requirements. From there, companies can choose from a catalog of 400 ready-to-go bottle styles, providing the perfect aesthetic and functional fit for everything from serums to body lotions. [\[View Catalog\]](#)

Utilizing extensive in-house decoration and special treatment, brands can make the packaging exclusively into a premium brand asset. [\[View Decoration\]](#)

**Trusted by Global Leaders** SRP is proud to partner with some of the world's most recognized beauty and personal care brands, including Fenty, Biore, Estee Lauder Brands, Shiseido, Laura Mercier, Kao, KOSÉ, bareMinerals, Victoria's Secret, NARS, Revlon, and many more.

Brands ready to find a perfect fit can email [sales@srpackaging.com](mailto:sales@srpackaging.com) today to request samples and discuss their launch timelines.
