

HAWAIIAN TROPIC

Embracing a Sustainable Future Under the Sun

2026-May-27 SR Packaging Brand Focus

Using Recyclable PET Bottles.

In a significant move toward environmental responsibility, Hawaiian Tropic has partnered with SR Packaging to revolutionize its sun care line. By opting for upscale, heavy-wall PET bottles, the company takes real action toward reducing its environmental impact without compromising the luxury experience customers expect.

Each bottle is designed with a removable shrink wrap, ensuring the PET material can be fully and easily recycled after use, directly contributing to a circular economy.

Protect Skin. Protect Planet.

Featuring skin-friendly formulas and recyclable packaging choices, Hawaiian Tropic empowers consumers to safely enjoy the sunshine while leaving only footprints in the sand.

Embracing a Sustainable Future.

By integrating SR Packaging's premium heavy-wall PET bottles into products, Hawaiian Tropic reinforces its commitment to Quality Sun Care that respects the earth. It allows users to protect their skin with confidence, knowing the bottles are recycle-ready, ensuring their outdoor adventures support a cleaner, more sustainable future.
